The Fricassee

Baton Rouge High School

1958

To one of the sweetest boys I've ever
known. Giving it's certainly been a
pleasure knowing you this past year
and a half. We sweated out Spanish
together and we've had lots of fun. Remember
my dumbster party. Drawl!! We're going
to miss you next year but just think
it'll be a big cheer. (For two years probably)
Best of luck in everything and stay the
sweet person you are.

Love
Sandy K.

For Baton Rouge High we raise our cry
For the school we all adore
We will raise our standards high
Till known from shore to shore . . .
Then we'll fight, fight, fight
With all our might
Till victory's in sight;
Then we will raise our banners high
For dear old Baton Rouge High!

Dedication

COACH W. B. GOURRIER

Dedication means, "to inscribe by way of compliment." We wish to do just that, to compliment a man so deserving of the honor. BRHS is proud of Coach Gourrier. The keynote of his character is to see that BRHS is at the top of the list in sports. Ever since his high school days, Coach Gourrier has been working with athletics in some way; he is a dedicated coach and trainer. His success stems from his kindness, his consideration for others, and his true love for the job he is doing. We all love him not only because he is our coach but also because he is always our friend; he is interested in each one of us personally; he is conscious of the dignity of every individual; and he does all he can to help us at all times. He is a man of high integrity and his ability as a coach is unquestioned. Therefore, it is with great pride that we dedicate the 1958 Fricassee to our own Coach W. B. "Bat" Gourrier.

Recognition

MRS. B. W. PEGUES

Baton Rouge High School has lost one of the most outstanding mathematics teachers in the State with the retirement of Mrs. B. W. Pegues. For the past 31 years, Mrs. Pegues has been a well-known and well-loved member of the BRHS Faculty, teaching both Mathematics and Home Economics.

During her teaching career, Mrs. Pegues has seen many of her students go into successful fields. She has seen them grow and marry, and has had their children in her classroom. She has been with her pupils when they faced difficulties as well as happiness. She has been with them not only literally but also in their hearts for a long time.

This year Mrs. Pegues was compelled to retire because of ill health; this news caused great sorrow at BRHS, but we know that in the long run this much needed vacation is the best thing for her.

Baton Rouge High School will miss the familiar sight of Mrs. Pegues and of her lovely flower arrangements in the office and elsewhere in the building, but she has left a deep and lasting impression upon its heart.

Trygve Roed Larsen is the first of BRHS's exchange students, and one of the first in the South. Brought to the U.S. by the Key Club and Downtown Kiwanis, Trygve is a participant in the foreign exchange program of the American Field Service of New York. He is one of 79 Norwegian students in America this year under the international scholarship program.

Trygve, a brilliant scholar, a pleasing personality, and a modest gentleman, fitted very well into the BRHS scene. Many students have come to know "Trig" personally, and none has been without great benefit from the experience. Trig has become a real part of BRHS, her clubs, her social life, her student government, and most important . . . her student body. Seen at football games, in class, at dances, in the corridors, and in every avenue of life at BRHS, Trygve is a typical student. This is the way it should be, and this is the way he will get a true impression of our school and our country . . . to the mutual benefit of all.

"I think BRHS is great. I believe that the American schools don't put too much emphasis on theoretical knowledge, but they teach the students to adjust themselves into their society."

Class Will

We, the Senior Class of 1958 being of unsound mind and body, bequeath to our successors what little we have left of the things that count we have never learned to count. These things we value because they made us what we are today, what we are we don't know, but we're generous and we want to leave something to you. Equipped thus, you should go far, at least farther than you are now. It is our hope that you will remember us as your gracious, kind, thoughtful, considerate, ever-loving friends and fellow stragglers.

To Mr. Burge and Mr. Davis we leave a brand new set of rules and regulations and a system of such efficiency that nothing will go wrong next year, also our appreciation for putting up with us.

To the new Seniors we leave the best year of their high school life.

To Mrs. Longsdorf we leave the "one" student we found who enjoys College Board Exams.

To Mrs. Rhys we will all conscientious office workers.

Class Prophecy

Now that the moon
Is a civilized planet.
A rocket can take us there
Or can it?

We'll give it a try;
We're a mighty daring crew,
We'll see if the Moon
Is really green, brown, or blue.

"We" consists entirely
Of the '58 Class;
Look out, Moon!
You're in for a blast.

Here comes Professor Bardwell
Who looks awfully cute.
He'll make a big splash
In his Daddy's zoot suit.

Don Smith, the mechanic,
Is getting the score
From our chief rocket pilot,
Who else, Henson Moore.

The airline hostesses.
Sally, Sue, and Molly,
Make last minute checks.
No time for folly.

And here comes the Richards.
Cliff and Martha, by name;
Along with Farmer Barnum,
He and "Ceeb" are the same.

Musically-minded
"The Star-lighters Three"
Are Ralph Newell, Maurine Mullin,
And Jeannette Lowery.

Their accompanist, Jan Bethea,
Comes along for the ride;
And here's ole Wayne Williams,
He's already retired.

Cara Lu and Chuck
Brought their easels today;
To paint everything
That they see on the way.

The moon has mountains;
We hope it has seas,
'Cause Mary Scott and Shirley Webb
Brought their water skis.

The reporters and authors,
Bobette Cohn and Gwen McLin,
Are here with Crawford,
And Winans, the cameramen.

There's Aleene Perkins,
Along with husband Gene,
And Ada Marie Provost,
Hollywood Star, is on the scene.

The Harrises, and Wooldridge
Will promote quite a squall;
While teaching the Moon-men
How to play football.

Another hard task,
No easier on the "sole"
Is for Tommy and Charlaine
To teach 'um Rock and Roll.

The Mascaras, Croissants, and Basses
Are apparently in the dark;
This here's a Rocket ship
And not Noah's Ark.

We need someone to interpret
The speech of the Moon-men;
So we brought along the intelligent
Professor Trygve Larsen.

Steigler, Toups, and Robinson
Of basketball fame;
Plan to teach all Moon-boys
Their own beloved game.

My! look at the Irishmen,
McClesky, McGehee, McCrory,
McMillan, McLavy, McGurk,
And also McCully.

There's lawyers to settle all matters . . .
Or try it;
They're Badon, Bagley, Bowling,
Dupuy and Wyatt.

Doctors Winston, Lannie,
Willard and Hugh,
Compose what is known
As the Medicine Men Crew.

The Patricia Stevens' Girls
Jeanne, Carmen, and Pat
Will teach the Moon Girls
How not to get fat.

The Phillipses, Johnsons,
Thomases and Whites
Stephenses, Davidsons,
And Smiths are on site.

These persistent politicians
D'Armond and Clay
Are already planning
Their campaigns in May.

Here come the Cutrers
Jo Ann, Johnny and five;
Whose personalities and charm
Will make the Moon alive.

Julie, Donna, Margaret,
Celia and June
Are taking their ice-capade
Way up to the Moon.

Savage and Stover
And Hampton are three
Whose talents are linked
With the ship's bakery.

And we cannot leave
The Chief Chef in the shade
He's none other than
Monsieur Barney McDade.

Diane, B. K., and Roslyn
Leave dear Ole L.S.U.
To be frat-house Mothers
Of Moon-Sigma-Nu.

There's our great fire-chief
Domma, of course,
And Inspector Matthews
Of the Planet Police Force.

Dunham and Dupuy,
Steiner and Schudinak
Will hold drama classes
On "Just How to Act."

The socialites, Carlisle,
Ziegler and Mixon,
Are accompanied by fashion experts,
Pedarre and Dixon.

Insurance salesmen Dodwell,
Lewis and Heck.
Review their sales talks
To each Moon-man prospect.

Now we can't deny
That we greatly need the aid
Of Terrebonne and Mittendorf,
Engineers by trade.

Beauticians Cliver, Darouse,
Oubre, and Shay
Will demonstrate the latest hair styles
Of the day.

Here's Hansen and Hechendel
Scott and LaCroy
Figure and Physique advisors
To every girl and boy.

The three Robins,
Cotton, Stuart, and Robb
Will redecorate the ship
With Emma Lou Schwab.

And here's Mitchell, the strong man,
With the happy belt salesman.
Quite a profitable business,
Eh, Joe Joe Nolan?

Weeks, Harrison, and Seese
Each a brilliant secretary
Are with Treasury men
Williamson, Swayze, and Sweeney.

Marketeers Faulkner, Forbes,
Forgey and Forman
Sell fresh Fortier Foul
For fine, fortunate fieldmen.

We're ready to go.
Has the Army Intelligence come?
Yes, here they are now,
WACS Yost, Gaar, and Houston.

Come on, Ann and Nancy,
The zero hour is near,
Kiss your dog good-bye and . . .
O.K., bring her here.

Now then, Mr. Terry,
Since you're in command,
Are we ready for the take-off
From our great country land?

The signal is given
Six, five, four, three, two, one;
We're off into space,
Like the shot of a gun.

Our green and gold rocket
Shows we're faithful as ever;
We're leaving our world
To return maybe never.

But we remember clearly,
As we fade into the sky,
We will always raise our standards
For dear old Baton Rouge High.

Bullpups

STAN BARDWELL

Of the Senior Class he is the Veep
And the Key Club Treasury he
does keep
Much time he spends in thought
and deed

As President of the B.R. Booster
Squad.

"Our Hearts Were Young and Gay"

Bonjour, madame, to see how it is, a great deal later than early.

Please, for each voice, it is, later for the throat.

Whatever you do, dear, you must not talk to strange men.

If you're going to be seasick, I'm going to sleep up.

You look simply fearful!

Our Mascot

BUTCH II

Butch II, our mascot, is registered in the American Kennel Club. He is ideally symbolic of Baton Rouge High in that he is, in all respects, the best. Butch II was born on May 21, 1957. When he was just a little under two months old, he was bought by the students of BRHS with money contributed by the student body. Butch II cost \$100.00.

With eighteen international champions in his bloodline, Butch was truly born a champion. His sire was Little Abner of Edgewood, and his dam was Sally Penelope. His grandsire on his father's side was Champion Alexander's Gorgeous George. His grandsire on his mother's side was Charles Moravian. He's a mainstay and an international champion imported from England. The breeder of Butch was Randall Williams from near Baton Rouge.

Without a doubt, Butch II will prove to be a truly great mascot for BRHS. We of the 1957-58 student body are indeed fortunate, for as Butch builds the tradition that he will be, we will be able to look back with pride at this tradition, this legend, that we shall have had a hand in building.

We take great pride, therefore, to dedicate the sports section of the FRICASSEE to BUTCH II.

The image shows a very faint, handwritten document. The text is mostly illegible due to the low contrast and blurriness. There are several lines of text, some of which appear to be in a cursive or script style. A signature is visible at the bottom right, which might be "C. L. L. L." or similar. The document is otherwise mostly blank with some scattered ink marks.

To one of my closest friends -
Jim, you are really one
person who will amount
to something in life. You
possess many good qualities -
and you have more determination
and fortitude than I believed
any one person could have.
I hope our plan of

Every day, stick.
Best of luck,
